

- Energy Pig Limited is committed to meeting customer expectations of performance, quality, price and delivery in all our supply and installation activities
- We aim to fully understand our customer's requirements and provide products and services to meet those needs.
- We promote innovation and continually review advances in technology, which can lead to the improvement of the products and services we offer our customers.
- We encourage the development of our staff through skills training.
- Our Quality System provides the framework to control and monitor our activities and to continually improve our systems, products and services to customers. The Quality Management System will be maintained to meet the requirements for certification as an Approved Green Deal/PAS2030 Certificated Installer.
